The organisation has worked very well and there has only been minor questions to solve. The Fun Zone is very well built and is a great addition to the Championships. The teams and media are very happy with the organisation. The Jury is also very pleased with both the LOC and the IFF Office. The financial result is tending to be very close to a zero-result.

Mr. Wolmhed further reported on the ticket sales, based on the present situation (Appendix 7) From the beginning it looked like the WFC2015 would take record from the Czech Republic, but unfortunately the Swedish spectators have mainly visited just the Swedish matches.

Mr. Liljelund expressed that this is a really good tournament, with just some minor issues. The problems has been mainly with the teams participating. There is a need to discuss the situation with these federations upon their behaviour.

The co-operation with TV4 has prior to the event been very good and only a few problems have occurred, mainly related to the planning of upload of material to the IFF YouTube channel. A total of 8 countries are taking the signal and in the best possible case a total of 48 broadcasts from a total of 21 games will be delivered from the WFC. (Appendix 8)

In addition the progress is to seek the President of Finland as a Patron of the Event and some 3-4 ambassadors for the Event from known Finns.

One thing is also the focus on the ecological aspect of the Event, in order to try to create a paperless event. The goal is to have a very good spectator number and the plans are to reach a financial zero result, which is challenging.

The WFC 2015 LOC has decided to apply for the right to change the starting date of the WFC so that the Event would start on Friday the 4th of December and ending Saturday 12th of December 2015, which is one day earlier than earlier decided. (Appendix 10)

The ExCo, the IFF RACC Chairman and the IFF Competition department has based on the IFF Evaluation Tool evaluated the two applications for the 12th WFC 2018, handed in by the Czech Floorball Union and the Finnish Floorball Federation. ([Appendix 11](#))

Based on this evaluation, Mr. Wolmhed elaborated why the recommendation has been made. There were two good applicants, which both have handed in a good application. It is important to take the WFC to a next level, which the Czech federation has a better possibility to achieve this with especially more spectators. In Prague, as the main City there is a big arena, which will give a possibility to organise a compact Championships. Also the Czech Republic will celebrate the states 100 years anniversary, where the WFC could be a major event of that celebration. Based on this Mr. Wolmhed recommended to award the Czech Floorball Union the organisation of the WFC2018.

The CB discussed the stages of the evaluation and it was expressed that it is important to have the broad understanding of how it will be done.

Ms. Bakke wanted to start the process of looking upon the 3vs.3, 4vs.4 and parafloor versions of the sport.

Mr. Suman felt that the process will continue for months, but the IOC EB has received much more power than before and this will bring more changes in a short time, not necessarily all good for us. The fact that the line between Olympic program sports to recognised sports will be much thinner than before. The World Games is very important for us and we need to prepare for this much closer.
