§ 5. World Championships

a) WFC 2010 Helsinki-Vantaa, Finland

Mr. Kauppinen gave a short report about the ongoing preparations for the WFC 2010, which is to be played in Helsinki and Vantaa, Finland, from the 4th to the 11th of December 2010. The preparations have moved in to the last phase, with a lot of operational tasks being dealt with. The target from a marketing point of view is to have more spectators for the beginning of the tournament and a full house in the medal matches. The LOC feels that there are no major problems facing the organisation at the moment.

The ticket sales are moving in a positive way and there are almost 18,000 tickets sold for the whole tournament. There are some 500 reserved seats for the Finals, which are still considered to be a small risk whether they are used or not. There are around 2500 tickets for sales for the final day.

Mr. Liljelund reported about the Sports Finland/NOC and the IFF organised Observer Programme during the WFC on the 8th and the 9th of December. The objective of the programme is to give both the IFF member associations a possibility to see behind the scene how the event is organised and get to know what kind of steps are taken. The Observer Programme has been built upon the IFF Organisers Handbook, which will then help the participants to form their own view of how they could organise an IFF Event. The invitation has been sent out to over 30 IFF member associations, with the registration date of the 12th of November 2010. Sports Finland has invited other organisations and cities to participate. (Appendix 4a and 4b)

Mr. Liljelund gave a short report on the situation concerning the TV-broadcasting from the WFC 2010. (Appendix 5) The total number of produced matches will be 17 whole matches and 2 Swiss highlights. IFF has coordinated the negotiations with all the takers and the host broadcaster YLE (Yleisradio). IFF has achieved to have 10 matches to be broadcasted on Eurosport 2, but we have had to produce 5 matches, in order to be able to secure this visibility.

Mr. Suman felt that it is a great success that IFF has been able to uphold the level of televised matches.

The CB decided: To approve the report.
WFC 2011

Mr. Kratz gave a short report concerning the organisation by the Swiss Floorball Federation for the 8th Women’s WFC in St. Gallen in December 2011. The discussions have started where the ballot for the groups will be made and the proposal is during the Swiss Cup final in March 2011.

a) EFC 2010

Mr. Kratz made a report of the EuroFloorball Cup 2010, Final round played in Koceni and Valmiera from the 5th to the 9th of October 2010. The event was well organised, with a number of tight and interesting matches. IKSU took the third consecutive championship gold, giving them the Cup for the EFC. Storvreta won on the Men’s side. The only problem was the relative low level of spectator in the event, after the home teams lost the possibility for the play-offs.

The CB decided: To approve the reports

b) Champions Cup

Mr. Eriksson reported on the negotiations held with the Swiss and Swedish associations concerning their participation in the Champions Cup 2011 and how to organise the future Champions Cup’s. He felt that it is very good to have the first edition played in the Czech Republic. The SUHV (Appendix 24) has confirmed that they are willing to participate in the edition 2011. Mr. Eriksson felt that the most important factor it is to have an agreement signed for the organisation between the five parties.

Mr. Suman reported on the steps taken to secure the foundation of the Champions Cup and the actions needed to prepare for the 2011 edition of the EFC. There needs to be a meeting between the four associations before end of March 2011.

Mr. Liljelund pointed up that first the IFF needs to have a structure for the Champions Cup and the new EuroFloorball Cup to present to the member associations in advance of the General Assembly.

The IFF Office has started to look for potential organisers among the countries ranked 5-10 in order to have an organiser for the new EuroFloorball Cup already for the IFF General Assembly.

The CB decided: To approve the reports
§ 7. Committees and Function reports

a) ExCo reports

Mr. Eriksson gave a short report on the ExCo activities, concerning the preparations for the WFC 2010 and the documents for the IFF General Assembly.

Mr. Liljelund reported about the investigation made in connection related to the status of IFF’s registration in Switzerland, which has proven that IFF is not registered fully in accordance with Swiss Civil law. The proposal is that IFF will make the needed investigation of the requirements of a registration in Switzerland.

Mr. King reported about the AOFC Development Report, the AOFC CB has put together, defining the roles and activities of the AOFC, as well as the plans for moving forward in the region. (Appendix 6) The plan is to have activities in Bangladesh, Philippines and Sri Lanka in 2011 and structuring the national association in the existing member association and have at least 16 member associations fulfilling the Licence system requirements. There is an Indonesian workshop being organised in December for University students.

There is a Spanish player Nicolas Prieto who will move to the Nepal for 1,5 years and will help the AOFC to develop the sport on a local level.

The CB decided: To approve the reports and to start the investigations for the registration in Switzerland.

b) Contacts to International Sports Organisations

Mr. Eriksson informed about the present situation in relation to the International Sports organisations. Mr. Eriksson will meet with the FISU Director Mr. Saintrod during a University seminar in Sweden in October. Mr. Liljelund will take part in the FISU organised City Events in Brussels in November and then discuss with the FISU.

The main objective for IFF is to put pressure on both FISU and IWGA in order to speed up the process for the participation of Floorball in the multi-sport events.

Mr. Liljelund informed that the Office is finalising the up-date report on our revision for recommendation for the full recognition to be proposed by the IOC Executive Board.

The CB decided: To approve the reports

c) RACC

Mr. Suman reported on the RACC proposal made for changing the IFF Competition regulation in connection to the drawing of lots in tournaments and the ranking in relation to teams that have missed one or more matches in a tournament. (Appendix 7) The objective has been to try to protect the teams for unforeseen problems related to travelling and visas.
Mr. King asked about the implementation of the new ruling, taking into account the forfeited match or matches, which Mr. Suman explained.

Mr. Botman asked of the preparations made by the RACC concerning the new EFC, the structure has to be prepared before the IFF General Assembly.

The CB decided: To approve the change of the IFF Competition Regulation as proposed.

d) RC

Mr. Botman gave an oral report on the RC meeting held in Prague on the 24th – 26th of September 2010, which was very positive. (Appendix 8) Among other things the RC mainly focused on the nomination of International Referees and Observers for the period 2011 and 2012 and then discussed the RC Plan of Action for the period 2010 – 2015.

The objective for the RC is to educate and develop a sufficient number of International Referee pairs until 2015. More focus will be given on the education of new and lower ranked International Referees, together with the founding of a development group for inexperienced International Referees. (Appendix 9) The RC has further discussed whether it would be possible to have support for the referees in goal scoring situations and how it could be organised.

The RC is proposing how to handle the Interpretation of the Game Rules and the questions related to this, in order to have a process for handling all the questions in the same way. (Appendix 10a) Mr. Botman proposed that the RC and RACC would look over the proposal and return with a new one for the next CB meeting.

Mr. Botman further reported on the proposal for the Nomination of the International Referees and Observers. The CB is to approve the nomination for the period of 2011 – 2012. (Appendix 10a and 10b) The number of International Matches is growing and there is a need to have more international referees, but at the same time the RC needs to ensure that there are enough referees, who can handle the refereeing of the Major events. There are too few countries which have a real organisation organising the activities of the Referees. RC has started a Development group of referees, for new International referees.

Mr. Botman stressed that the number of the proposals of International Referees was not as good as the RC had hoped for. There is a positive development when it comes to the number of International Observers having new observers from Germany and Hungary.

The RC is organising an education for new International Observers during the WFC 2010 in Helsinki on the 8th to 9th of December, since the key to develop the level of the International Referees is through the Observers and thus start the education of International Observers. RC will additionally organise a meeting for the National Referee Committees on Thursday the 9th of December. Both meetings are run by the RC members, not being a part of the WFC organisation.

Mr. Suman felt that we need to be prepared to answer the question related to the goal cameras, since there will be questions asked during the WFC.

The CB decided: To approve the reports and to approve the nomination of International Referees and Observers for 2011 – 2012 and the RC will evaluate the implementation of the new system accordingly. The CB further decided to ask the RACC and the RC to come with a combined proposal of the way to handle the Game Rule Interpretations.
