World Floorball Championships 2002
18.5.-25.5. in Helsinki, Finland
Information letter III

Dear Floorball Friends,

Since the last information letter, which was sent to all the participating nations in October, the preparations of the 4th World Championship has come to phase, where the interaction of the participating teams is of an enormous importance. The championships are only two months away and we are now moving in to the final phase of the preparations.

As a big single event we can inform You that the final games on Saturday the 25th of May is sold out. This means that there are no more seats available to those games. There are still tickets for the other games.

This is the first information letter where we, the organiser of the championship, will ask information from You, the participating teams. We would like to stress the fact, that since 24 teams are taking part in the championships, it is of great importance that all teams will follow the guidelines and timetables put up by the organiser.

In this letter we will ask You to deliver the following information to us:

- Check and approve the proposal for Your daily program.
- Include any additional needs for transportations (on your own expense) and if needed rearrange the proposed transportations.
- Answer if You would like to have meals at the Hartwall Areena.
- Answer whether You will need to video-tape Your games/opponents games.
- Give a preliminary list of which colour team outfit you will use in each game.
- Inform the organiser which persons and when they will be using the 10 tickets that each participating federation receives.
- Check that all Your players are insured and that the team has got an insurance document, which the organiser will check upon your arrival.

By today, we have finally got the accreditation forms from all the participating teams, but we do still miss some information upon where the teams will accommodate during the championships. We would like to stress that we have great problems of building the transportations since we do not have all the details from the teams. We strongly believe that all teams are working with the question and will deliver the information as soon as possible.

In this information letter we will focus on the following topics:

- 1) Preliminary team programs
- 2) Approval of the daily program
- 3) Meals at Hartwall Arena
- 4) Team outfits during the championship
- 5) Team list delivery
- 6) Information upon National federation tickets
- 7) Doping-test system
- 8) Insurance information
- 9) Video-shooting during the championships
- 10) Press-info

All information will also be published on the WFC web-site www.salibandy.net and You can always try to find more information from there. If You have any questions, please don't hesitate to contact us.

The next information package will come in the middle of April, in which we will have finalized the individual programme of each team. The fifth and final info package will be sent out in the beginning of May. Upon arrival in Helsinki all teams will receive a "Participants manual" with all important information.

We hope that You will not find our requests for information to be too much, but we really need the information and especially on time, so that we can continue working with the project.

Please return all the asked information by the 5th of April.

I hope to see all of You during a wonderful championship in Helsinki.

With regards
Finnish Floorball Federation

John Liljelund
WFC2002, secretary general

INFORMATION LETTER III REGARDING THE WFC 2002

General information & WFC preparations up-date

We have up to now been able to build the first version of the team program for each and every team. In this proposal to the program we have left open spaces for You to fill-in when and where Your team will eat. You now have the opportunity to propose changes in the daily program, so that we can arrange the transportation we are responsible for. If You want to change something in Your programme please fill it out on the programme sent to You and we will see whether it is possible or not.

The WFC2002 office will contact all the teams that have questions and discuss them with You. Our aim is to finalize the program no later than the 15.4.2002.

If You do not return the proposed program we will assume that You are pleased with it and will continue with the preparations according to the basic program.

We hope that we can serve You in every possible way and that Your stay in Finland during the WFC2002 will be an experience that You will not forget.

We believe that together with Your help we can make the WFC 2002 the best and finest floorball championships.

We would like You to read this information letter trough very carefully and return directly with any questions You might have. We would also like to ask You to **provide all the asked information no later than the 5th of April**, which will help us to proceed with our preparations.

1) TEAMS PRELIMINARY DAILY PROGRAMS

Here are some directions how to proceed with the preliminary championship program. You will find a preliminary program for the national team enclosed to this letter and it will be sent also by mail to the team manager. Please check the program and read the following instructions how to fill the program.

TRANSPORTATION:

The transportation system works in the following way for all teams:

- Transportation from the hotel to the training hall leaves 45 minutes before training
- Transportation from the training hall to the hotel leaves 15 minutes after the training. This means that if You want to shower at the training venue You need to change Your transportation.
- Transportation from the hotel to Hartwall arena leaves 2 hours before the game starts.
- Transportation from Hartwall arena to the hotel leaves 45 minutes after the game ends. We have calculated the busses to leave 2,5 hours after the start of the game.

If you want to change the transportation times please mark the times to the program. However we recommend that you won't change times, because they are very carefully planned and the schedule is tight.

Couple of examples:

- The game begins 8.00 am, transportation leaves 6.00 am. If you want to leave later than 6.00 am please mark it to the program
- Your team will play at 14.00 and the transportation leaves back to hotel at 16.30. If your team wants to stay in Hartwall arena to watch other games and you want to change the transportation time to a later time, mark it to the program.
- We will try to fit Your requests into the transportation program, but if they are difficult, we will contact You.

Note!

If you need some extra transportations please mark them to the program too. These extra transportation are on your own expense.

An example:

- If the National team wants to watch A-series final- and bronze game on Saturday the 25th of May please mark to the program what time do you need a transportation from the hotel to Hartwall arena and then back to the hotel.

PLAY-OFF PHASE:

There are now every possible alternatives for Your team marked to the program concerning the games and training and transportation's in the play-off phase of the tournament. We would like You to fill-in your wishes for transportation to the possible matches.

ACCOMMODATION:

We still need to know the following teams accommodation during the championship, so that we can finalise the program. Please inform the WFC office where your National team is going to stay.

- Malaysia, Russia, Japan, Spain, Hungary

2) CONFIRMATION OF THE PRELIMINARY PROGRAM:

Please do return the filled program signed by team manager to the WFC office no later than **the 5th of April 2002**. You can send the program

by email: wfc2002@salibandy.net
by fax: + 358 9 477 03410
by post: WFC 2002 Office
Hakamäenkuja 2
03100 Helsinki
Finland

Note!

The program is final after you have returned it to the WFC office, if You don't have any major changes. If there are major changes we will discuss the matter.

During the championships you need to discuss about changes two days before the planned change. For example if you want to change the transportation to leave earlier, you need to inform us two days before the change needed and we'll try to organise it.

Travel cards

It is possible to purchase travel cards for the duration of your time in Finland so that team members can travel around Helsinki without having keep buying tickets. Such a ticket would cover the trams and buses and metro.

There are 3 different kind of travel cards for 1, 3 and 5 days. We recommend that you buy one 5 day card and one 3 day card for each team member, in that way they can travel everywhere in Helsinki during the championships.

Travel cards pricelist:

1 day card	4.20 €
3 day card	8.40 €
5 day card	12.60 €

3) MEALS AT HARTWALL AREENA:

Some of the teams have stated that they are interested to eat at the Hartwall Areena. We have now included the menu in this letter and we now ask You to confirm if You are going to eat at the Arena. Please mark the meal times to the program, where and when the National team is going to eat?

There is a meal offer for teams made by Hartwall Arena. Price is 10 € / person. **If you want to eat in the Hartwall arena please mark this to the program too, which days and what time.** You will find the menu below.

4) TEAM OUTFITS DURING CHAMPIONSHIPS

Upon Your arrival at the technical meetings organised by the IFF Jury and the organiser, we will go thru the different outfits that each team is wearing during the games.

Since the teams are arriving on different days and there will not be possible to organise only one technical meeting, we the organiser has chosen to ask the teams already at this stage in which outfit they will play in each match, so that we can build the outfit list in advance before the technical meetings on the 17th and 18th of May.

Please find enclosed a list, which we would like You to fill-in and **return no later than the 5th of April.**

5) THE TEAM LIST DELIVERY

The organiser have asked the IFF to send out the request of the participating teams final players list, so that they are at the hands of the IFF and the organiser no later than the 30th of April. This is due to two different reasons.

The first has to do with the security requirements the local authority has put upon the organiser. We need to have personal security passes for each and every one of the players, referees, officials etc. The second reason is that we are printing a Match programme which is part of the Finnish Floorball Magazine and we will start printing it on the 3rd of May.

The participating team will still have to hand in the list of a maximum of 30 players and 10 officials to the IFF no later than 30 days advance of the championship.

6) NATIONAL FEDERATION TICKETS

According to the agreement between the IFF and the organiser, each participating nation will receive 10 tickets for each day of the tournament. We have reserved these tickets for the participating nations and would now want to know how many of these tickets Your federation will use. The reason for this is that the final day is already sold out and we don't want to have any empty seats in the venue.

We would like the federations to send us a list (no later than the 5th of April) of how many tickets each federation will use and if possible who will use the tickets, so that we can prepare the list of National Federation Participants in the championships.

The list shall be sent to the WFC office.

7) DOPING-TEST SYSTEM DURING THE CHAMPIONSHIP

During the World Floorball Championships in Helsinki there will be at least one doping control per participating team. We would like You to look up the IOC/WADA list of forbidden substances and check that non of Your players are using any of the forbidden medicine.

If a player would be found guilty of using the sanction will be according to the rules of IFF.

The Doping Controls will be conducted in the World Floorball Championships 2002 according to the International Olympic Committee/WADA and International Floorball Federation rules. The actual conduct of doping controls will be the responsibility of a Finnish Antidoping Agency (FINADA). The selection of the players, to be tested will be done by a random system and conducted by the representative of the International Floorball Federation and/or the Organisation Committee.

Athletes selected for Doping Control will be notified by an escort immediately after the game and will be escorted to the doping control station. The athlete shall report with his accreditation card to the Doping Control station as soon as possible but no later than 1 hour after the time of notification.

The athlete has the right to be accompanied to the doping control station by an event-accredited representative. The athlete will be asked to provide a urine sample (minimum 75ml) under observation of a doping control officer of the same gender as the athlete. Doping control equipments to be used will be the Bereg-Kit and the forms FINADA's standard doping control forms. Analysis of the samples will be done in IOC accredited laboratory, United Laboratories Ltd., in Helsinki.

8) INSURANCE OF PLAYERS

According to the agreement with IFF, each participating team is responsible to insure their own players. The organiser will check each teams insurance at the technical meeting in the beginning of tournament, so that we know that the players are insured.

This insurance document will also be needed in any case of injury at the hospital, since otherwise there may be a risk that the player will have to cover his own medical bills.

Please remember to bring with You a document that proves that all players and officials are insured.

9) VIDEO-SHOOTING DURING THE CHAMPIONSHIP

If your team is planning to shoot one/some of the WFC games with video camera, please do notice the following. There are different practises for video cameras at A-arena and B-arena.

A-arena

From Saturday 18.5. to Friday 24.5. participating teams' video cameras can be located at the upper level stand nr 318. During the bronze and final games video cameras are not allowed at the Hartwall Arena due to the fact that there is no room for video cameras.

B-arena

Video cameras can be located to the players' stand, which is at the short side of the rink.

In order to keep up with our organising time schedule at the Hartwall Arena, we would like to know whether your team needs space for video camera. Please send your reservation for space of video camera to WFC office no later than 05.04.2002

10) OTHER PRACTICAL INFORMATION

Press and teams at the WFC 2002

International media event

World Floorball Championships 2002 is one of the biggest sports events in Finland year 2002 and remarkable media event as well. Organisers are expecting up to 100-150 accredited media representants from all significant floorball countries.

WFC 2002 is with no doubt international event also from this point of view. In this letter team managers will get information about duties towards media and organisers.

Organisers will provide facilities for players to play and for media to do their tasks. Media is one important part of the WFC 2002. Organisers are hoping that co-operation between teams and media will happen in good spirit, both parts recognising and respecting each others needs.

We will even point out, that inside the Hartwall Arena both teams and press have to respect WFC organisers' regulations.

Press accreditation

All representants of media (writing journalists, photographers, tv, radio, internet) will have to apply accreditation to get permission to work at the WFC. Press accreditation time will end **30th of April.**

Present applications can not be accepted.

Team accredited member cannot be accredited as a journalist. Journalists with international AIPS-membership or holder of national press cards are preferred in press services.

Press centre

International press centre locates at Hartwall Arena, near A-arena. It is the place where are facilities for media to work and where all press conferences will be held. Press centre is restricted area for journalists, team members enter press centre when press conferences are held.

Press conferences

Regular press conferences will be held in A-division from quarter finals, but also when journalists' are requesting one. Press conferences will start in the press centre 10 minutes after the match has finished. Team is represented in the press conference by coach and one player. Press conferences are in English. Teams are conducted from dressing rooms to press centre by press staff. Press conference will last 15 minutes.

Mixed zone

Mixed zone is the area behind the dressing rooms of the A-arena where media and players can meet each other. Mixed zone is for interviews and taking photos after the match. Journalists are not allowed to enter beside the rink (except photographers, B-arena), dressing rooms nor corridors leading to dressing rooms. Except Finnish Broadcasting Company YLE, the host broadcaster of the WFC 2002.

For player interviews in mixed zone team managers and press staff will co-operate so that requested players by press are informed to attend to meeting point.

Photo zone

Photographers are allowed to take pictures in both ends of the rink and with certain limitations on the opposite side of the substitution benches.

Trainings and media

Press is not allowed to be present when teams are training. Exceptions can be made only by team management.

**Press conferences
organised by teams**

Teams can provide press conferences of their own whenever they want to do so. Primarily these sessions will take place outside the Hartwall Arena (e.g. where team is accommodating). Team management informs the press about these meetings.

Press releases by the teams

Press releases made by teams can be given to press staff to be delivered in the press centre. Releases are wished to be written in English.

Contact person towards media

Teams should name one person from the management (e.g. team manager) who will act as a contact person towards media. Organisers will collect a list of these persons and their telephone numbers for press use.

We also hope that teams would gather other needed information asked. We are doing this serving visitors, audience and press who come to watch Your games. When having questions concerning media and teams, do not hesitate contact.

Singapore's bid for the World Floorball Championships for women in 2005

Dear Sirs,

The Singapore Floorball Association (SFA) is proud to announce its willingness to organize the World Cup in floorball 2005 in Singapore.

The SFA, supported by the Singapore Sports Council (SSC) and the Singapore Tourism Board (STB), is ready to organize the WFC 2005 in May 2005 in Singapore in venues that follow the IFF's regulations. Already the Singapore Indoor Stadium and the Singapore Expo have been contacted and there are different good options how to organize.

The SFA is looking at different options concerning board and lodging for all participants, including a range of accommodation from budget hostels to high end business class hotels. We are also having preliminary discussions concerning an official airliner to Singapore.

If granted the rights to organize, the SFA is looking forward to meeting you all in Finland at the WFC 2002 and informing IFF and all associations, where and when you see appropriate, about the possibilities in Singapore 2005.

Looking forward to your swift reply and starting up good negotiations we remain,

Yours sincerely,

Mr Gardeep Singh

World Floorball Championships (WFC) 2006 for men in Sweden – letter of interest

Distinguished Sirs,

The Swedish Floorball Federation (SFF) is ready to organise the World Cup in floorball 2006 in Sweden.

The SFF has looked into all appropriate regulations and will propose venues and board and lodgings that follow the IFF's regulations. Already the national indoor stadium, the Globe Arena where the first WCF 1996 was organised, is an option.

If granted the rights to organise the SFF is looking forward to meeting you all and starting up negotiations on the contract for WFC 2006.

Yours sincerely,

**Mr Per Jansson
President SFF**

Organizing of international events

Based on the decision of Executive Committee of Czech Floorball Union we would like to express the interest of organizing major IFF events in the following years. In the recent years CFBU proved the competence during organizing World Championship in 1998 and the European Cup qualifications.

We are interested in undertaking of the following events: World Championship U19 2003, European Cup January 2006 and World Championship of Men 2008. CFBU understands that organizing of World Championships of Men is appointed upon the condition, that party showing interest had organized another major event. CFBU considers the EC qualification to accomplish this condition. While we are interested in organizing of the above mentioned events, our aim is not only to fulfill the condition of MWC attachment. As one of the main floorball federations we would like to imply our disposition to participate much more in organizing of important events.

Preliminary planned locations for each event are these: for WC U19 2003 Prague. The championship would take place in two arenas: Sparta with the capacity of 2000 spectators and Vinohrady arena with capacity of 900 spectators. In case of larger number of participants the city of Prague offers other arenas that are suitable for such events. EC 2006 would take place in Ostrava, "number two" city of floorball in the Czech Republic. The center of tournament would be placed in Poruba arena with the capacity of 3000 spectators. The center of WC 2008 would be again the capital city Prague. In 2004 the construction of a large sports arena should be completed. Its capacity will be 17000 spectators. The elite group and play-off matches could possibly take place in this arena.

We hope that Central Board of IFF takes a decision on the arrangement of hosting of all those three events at a time. WC U19 2003 date is drawing to a close therefore we rely on an early decision.

On behalf of Czech Floorball Union

Filip Suman
President of Czech Floorball Union

FESI/IFF Meeting :

8th February 2002, FESI, Brussels

International Certification System of the Floorball Industry

REPORT

List of Participants :

- | | |
|----------------------|---------|
| 1. Mr John LILJELUND | IFF |
| 2. Mr Carl AHLQVIST | UNIHOOC |
| 3. Mr Guido DE JONGH | CEN |
| 4. Mr Hoang LIAUW | CEN |
| 5. Mr Alberto BICHI | FESI |
| 6. Mr Chris UREGIAN | FESI |

Following the official introductions of the participants of the meeting Mr Guido De Jongh proceeded to define in detail the basis of the CEN standardisation and certification system.

Mr Ahlqvist asked him whether manufacturers should be obliged to pay for certificates of approval from International Federations, in this case the IFF, which charges a fixed amount for its approval of every piece of floorball equipment.

Mr Liljelund pointed out that the IFF had recently signed an agreement with all the manufacturers of floorball equipment, which stated that the current status in the certification system whereby manufacturers pay for IFF approval would be maintained.

Mr Bichi pointed out at this stage that it was vital to separate the problem into the certification and the merchandising issues, so that whereas the former was a matter for the CEN and the SPP, it was the latter that was relevant to the discussion. He stressed that the issue that the participants must try and deal with was :

Should the current IFF approval label be compulsory for all manufacturers ?

Mr Liljelund tried to clarify the IFF position by :

- i) giving an idea of the limited financial gain his organisation made from the current certification system (41.000 CHF) given that it receives only 17% of total revenue and the costs of the approval procedure it incurs.
- ii) describing how the certification and approval system with the SPP works
- iii) making the point that manufacturers are allowed to sell their unauthorised equipment but players cannot use that equipment in IFF events.

In reply Mr Ahlqvist maintained that the difference was academic and emphasised that this arrangement **still forced manufacturers to pay for the IFF approval label**. He also raised the example of federations such as the ITF which do not charge producers for approval labels.

This example was carried further by Mr Bichi who described how, **by focusing on the merchandising aspect of this issue**, many industries had formed a two part certification system whereby goods can be either

- i) approved by a federation and then manufacturers pay for the official approval logo/sticker/label OR
- ii) simply inspected by relevant federations, without cost to manufacturers but with no official logo of the relevant federation.

In this way **manufacturers have a choice** of paying for an official label of approval or not, depending on their marketing strategy, without the threat that if they choose not to pay for the logo, that their goods cannot be used by athletes.

This proposal was acknowledged by the CEN, which suggested that there should be voluntary compliance to the standards.

The difficulties of such a change were explained by Mr Liljelund :

- i) such a two-part system may well lead to other bitter problems
- ii) Moreover, given his recent agreement with the main floorball manufacturers he was not certain that this measure would be even supported by them and that was adamant that if there were to be any further meetings concerning this issue **all producers would have to be present**.
- iii) He pointed out that since the IFF Congress was to be held in May 2002, there was not enough time to address this problem properly and so any proposed changes would have to be implemented after the next Congress in two years time.
- iv) he stressed that the IFF was not in a monopoly position as less than 10% of total players were licensed with the Federation, and thus its stance in regards to the official label could not be seen as illegal.

Mr Bichi concluded the meeting by emphasising that

- i) any further meetings to take place between the FESI and the IFF concerning this issue would include all manufacturers ;
- ii) this meeting displayed that all sides felt that the standards themselves were fair and safe but that financial effects of the present system posed problems.
- iii) it was necessary to get this issue resolved as quickly as possible in order to focus on the promotion and the development of the floorball industry, an area in which the FESI is also very keen to work with the IFF.
- iv) it was above all vital to maintain a spirit of cooperation between all sides

Actions

In order to work together constructively from this meeting towards the achievement of our mutual aims it is proposed that :

- i) FESI and IFF maintain a strong line of communication in order to establish an official relationship between our federations.
- ii) In light of the above, the IFF will inform the FESI of the outcome of the IFF Congress in May 2002 and of its official position on the issues mentioned during the meeting of the 8th February 2002.
- iii) FESI gets in close contact with the other large manufacturers of the Floorball industry with a view to defining the producers' approach to the issue of certification.
- iv) All parties involved commit themselves to future co-operation through meetings of a clear and fair nature.

Advertising rights WC Helsinki 2002

IFF will use all the rights we have due to the contract. Compared to the European Cup 2001 there will be no “over-exposure” of any company. This is the case even if the company is not a competitor to our today existing sponsors.

Sponsor negotiations

The meeting with Gerflor, originally planned to April 2002, will be moved June 2002 instead. The existing contract is valid until December 2002 but will be prolonged with another 2-years contract.

Our aim is to renegotiate the existing contract with Salming for a new 2-year period from June 2002 (the existing contract is valid until June 2003). The new contract will include more of Salmings new clothing concept.

Leaflet production

The German version of the leaflet will be ready to the WC in Helsinki 2002.

President-FFI
Floorball Federation of India

Dear Mr. President, dear Sirs,

According to the statutes of IFF the Swiss Floorball federation would like to put forward the following motions:

Nominations for the Central Board:

Thomas Gilardi, Vice-President SUHV
Renato Orlando, President SUHV

Disciplinary Committee or Appeal Committee:

Rudolf Buri, President of the Appeal Committee of SUHV

Others:

Only officials of ordinary member-associations shall be eligible to be elected for the Central Board.

Only one member per national Association may be elected into the Central Board. (Although our proposal for the nomination to the CB is in contradiction....)

All member associations may participate at the election of the members of the Central Board and the Disciplinary Bodies and the voting of all other bussiness according to the statutes at the General Assembly.
(whether they are full members or provisional members)

The statutes will have to be rewritten! and lived upon (i.e. a country may only be provisional member for two years)
Several articles need to be overworked - and the Swiss FA urges IFF to do this job - also when it comes to the adjustment of the relevant regulations.

For the working out of the agenda for the General Assembly, Thomas Gilardi, actual member of the CB of IFF, will, at the next meeting of the CB of IFF, clarify the proposals put forward by the Swiss Floorball Federation!

This e-mail will be confirmed by ordinary mail.

Kindest regards.

REPORT OF THE AUDITOR

concerning

INTERNATIONAL FLOORBALL FEDARATION (IFF)

I have examined the annual report, the accounting records and the administration by the board of directors of the fiscal year 2000. The examination was carried out in accordance with generally accepted auditing standards.

The Annual report has been prepared in accordance with legal rules and articles.

My Examination has not shown anything that need to be pointed out in this report.

I recommend,

- That the income statement and balance statement for the fiscal year of 2000 is approved.
- The members of the board of directors to be discharged from liability the fiscal year 2000.

AUDIT REPORT

To the general meeting of the International Floorball Federation

I have audited the annual accounts, the accounting records and the administration of the board of directors of International Floorball Federation for the year 2001-01-01 to 2001-12-31. These accounts and the administration of the company are the responsibility of the board of directors. My responsibility is to express an opinion on the annual accounts and the administration based on my audit.

I conducted my audit in accordance with generally accepted auditing standards in Sweden. Those standards require that I plan and perform the audit to obtain reasonable assurance that the annual accounts are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the accounts. An audit also includes assessing the accounting principles used and their application by the board of directors, as well as evaluating the overall presentation of information in the annual accounts. As a basis for my opinion concerning discharge from liability, I examined significant decisions, actions taken and circumstances of the federation in order to be able to determine the liability, if any, to the federation of any board member. I also examined whether any board member has, in any other way, acted in contravention of the Federation Statutes, the Annual Accounts Act or the Articles of Association. I believe that my audit provides a reasonable basis for my opinion set out below.

The annual accounts have been prepared in accordance with the Annual Accounts Act and, thereby, give a true and fair view of the federation's financial position and results of operations in accordance with generally accepted accounting principles in Sweden.

I recommend to the general meeting that the income statement and balance sheets be adopted, that the profit be dealt with in accordance with the proposal in the administration report and that the members of the board of directors be discharged from liability for the financial year.
