Evaluation meeting of the Champions Cup 2011, between the stakeholders on the 26th of October, 2011 at the Mövenpick Airport Hotel in Zurich,

Participants: Czech Rep: Filip Suman  
Sweden: Lars-Gunnar Tjärnqvist  
Finland: Ismo Haaponiemi

Report on present issues

1. Opening of the Meeting
Mr. Filip Suman opened the meeting and wished all the participants warmly welcomed and was thankful that all had been able to join the meeting with such short notice. He further made a short recap of the process which lead to the 1st edition of the Champions Cup in Mlada Boleslav in 2011.

2. Re-cap of the CC 2011 in Mlada Boleslav
Mr. Suman made a recap of the main achievements of the Champions Cup in Mlada Boleslav
- A total of 14,000 spectators, with an average of 760 per match (Czech men’s league average is 240 match) with round a half of paying spectators.
- 15 TV matches in Czech Republic (12 Live + 3 delayed), 5 TV matches on Eurosport, 4 TV Matches in Finland (YLE) and 1 match in Switzerland (SFR high-lights). No TV in Sweden.
- High and more even sports results level (only 4 “bad” results of 18 games)
- Financial result will be around 60,000 – 70,000 loss, which is smaller than expected.
- Late start in the preparations, which had a negative effect on the finances.

The new factors effecting the Champions Cup in Mlada Boleslav:
- The responsibility to host the Board & Lodging of the foreign Teams – investment of a sum equivalent of CHF 100,000
- For the first time an exceptionally strong commitment of the organizing City of Mlada Boleslav and also local team (Billy Boy)
- A very interesting model for the Home Media, to follow the event, since there were more home teams matches all days.
- With 4 teams from the organising country, there was more space for the home success = higher spectator result and home media interest (case Tatran)

Lost chances in 2011:
- Lack of real high level commitment to support the Event by the other countries
  - No real promotion of the CC in the other countries before the Event
  - Only limited media coverage (Floorball or Mainstream) from the other countries
  - No real building of the brand
  - No preparation advantages for the marketing of the next organiser

The preparation of the participating Clubs was also not ideal
- Few or no Club supporters at all
- The Clubs where late in handing in their information
- Not really a lot in pre-promotion of the event on the web pages of the participating clubs.

Without a real change of the attitude with both clubs and federations, we can’t move the CC forward and the Clubs can’t ask for more service.

The Champions Cup stakeholders have taken the following 7 steps forward in the process:
- We saved the European club competition tournament
- We secured the existence for the coming 4 years, giving us time to develop the product
- We created a much more competitive tournament and a challenging system
- We were able to cut the total costs vs. previous as a whole (less teams, one venue)
- We made it cheaper for clubs to participate (free board & lodging + Prize money)
- We created space for additional income (city participation, spectators, marketing)
- We improved international visibility (TV, Eurosport, Internet-TV)
Collected Team and other comments of a technical nature from the Champions Cup in Mlada Boleslav:

- Four games in a row create advantage/disadvantage for some teams prior to the semi final.
  - The solution could be to build the match programme so that the ranked teams, which are to meet each other in the semi finals, have the same programme.
  - The base for building the programme is based on the following order
    - 1) TV, 2) Local Spectator and 3) Competition fairness.
- Need to have more accredited personnel for the teams.
  - Here there was some misunderstanding since there are possibility with media accreditation for team journalist existed
- There are needs for longer intermissions during the matches, due for example interviews in TV games.
  - The solution could be to have longer intermissions in semi finals and finals, for example 15 minutes.
- The length of the intermission between the following games was defined as one hour.
- It was agreed that there is a need to include the name of the player on the back of the jerseys, in order to build the brand and promote the stars. It is a rule for the national teams and it has to be followed also in the Champion Cup starting from 2012.
- It was again stated that in the Champions Cup Regulation it is stipulated that two sets of jerseys for all teams are required (light and dark) and the teams have to follow the regulations.
- The issues related to the travel to and from Mlada Boleslav were discussed, since it was harder to get to Mlada Boleslav with public transportation.
  - The solution is that the organiser provides information about public transportation to the participating clubs and federations
- The only major problem in the arena was the issues with the subfloor under the Floorball flooring and the venue managers washing the flooring after the trainings without informing the organizer.

3. How to continue the process – Next Steps Forward of the Champions Cup

The following items were discussed and decided upon:

Travel:
- The arrival city for the foreign teams, is in accordance with the IFF WFC system and the approved EFT list of arrival cities.
- The domestic travel starts on the day of arrival (one before the start of the Event) and ends the day after the Final.
- The organizer is to inform where and when in the arrival city, the foreign teams have to be in order to be transported to the competition city.

Board & lodging:
- The Board & lodging rules were defined so that the responsibility of the organiser starts from lunch 1 day prior to start of the tournament of the team and end with the breakfast on the final day for all teams apart for the 4 teams which are playing in the final, where it ends with breakfast the day after the final.
- If a team, which has chosen to stay for the day after the final and is not playing in the final, they are to compensate the board & lodging for the last day.

Term:
- In order to avoid a time clash with the EFC, the CC shall be played during the first weekend of October, i.e. the tournament can start in September

CC logo:
- As a part of building the Brand, the CC should have the same logo for all CC Events. The IFF logo shall be a elemental part of the CC-logo, with the text of the event starting from 2012.
  - SIBF will take the responsibility to come with a proposal for a solution for a CC logo.

Visibility:
- IFF will make a proposal for a Champions Cup web-page with national languages, using the IFF web as base site by December
  - Giving user rights to the present organiser, having everything collocated in the same place - flickr pictures, YouTube video high-lights, match statistics etc.
- There is a need to collect of media statistics for TV, web, Internet-TV, written media from each participating federation.
Tickets for participating Teams:
- The accreditation for the players is valid for the whole tournament, unlike the other IFF Events

Marketing:
- The set-up of the Floorball Manufacturer Village was found to be good for the Event and a powerful tool to promote the Champions Cup. IFF will propose the same set-up for the Champions Cup 2012.
- In the future IFF will have to look upon the number of commercials on the floor of the event.

Flow of Information:
- In order to avoid unnecessary problems with the flow of information from the clubs to the organiser, It was agreed that each national association shall nominate a person who is responsible for the CC and the development of the CC in respective country by the 15th of November.
- IFF will propose a fixed time table with the time-lines for the teams, the federations and the organizer, in order to secure the flow of information and the needed visibility for the Event.
  - The time table will go out in beginning in May and the teams have to return with their input latest by end of June.

4) How to continue the process – Next Steps Forward of the Champions Cup

New ideas:
- Organising different type of seminars during the event, together with the local community.
  - Elite clubs, with focus on club management issues.
  - Coaching and physiological topics
- Promotion of the Event in the participating Countries – web and news, TV
  - Include local activities in each federations internal marketing 6, 4, and 2 weeks prior to the Event.
  - Organising a junior tournament as a spin-off
- In order to secure the Spectators, more media and general attention from Abroad:
  - Approach the three local target groups – team fans, local media already before summer, whole movement before season starts
- Participation of National Media from different countries
  - Need to include CC in the a number of news during the whole year
  - Promote the CC event from the start of the year 2012 in the local news
- Generic ticket sales system with one company for all CC’s
- There is a major need not to harm our own product; this by avoiding playing the elite leagues during the CC tournament and strongly support the event in the media.

Upcoming meetings and issues
- Short check-up meeting during WFC 2011 in St Gallen on Sunday 11th in the morning.
- Making the check-list for the national responsible persons.
- Updating the IFF Champions Cup Regulation based on the decisions of the meeting and bringing it forward to the IFF CB.
**Issues that need to be discussed or decided upon or taken action upon**

- It was discussed that each country nominates a person from the national offices responsible for the Champions Cup, by 15th of November (ALL)
- It was agreed that a timeline is to be built for the teams, with all information sent out to the teams in May and the teams are to respond before the end of June. (FS + JL)
- SIBF will make a first version of the CC logo, taking into account the IFF Corporate Identity by December (LGT)
- IFF will make a proposal of a Champions Cup website, in connection to the present IFF website, which the organiser would manage by December. (JL + MB)
- To supply all media, internet and TV statistics to IFF by end of November (ALL)
- IFF to invite and organise for the Floorball Manufacturer Village in March 2012 (JL)
- SIBF will look upon the possibilities to organise different seminars and junior tournaments during the CC and bring ideas to the meeting in St. Gallen (LGT)
- IFF to make adjustments in the IFF Champions Cup Regulation for the December CB (JL)

2. **Prepare meeting held on October 9, 2011**

Mr Eriksson went to the Republic Polytechnic and saw a second division men’s game, the Endura Red FC vs. Team Squirrels, match with two good female referees Mapura McCormack and Wani Hamid (SFA has seven good female referees, and plan to nominate to IFF in near future). The venue had a newly installed Gerflor/Taraflex floor, IFF partner, due to good relations with SFA/SSC.

3. **Singapore Ministry of Education Mr Hector Gomez, on Oct 10.**
   Mr. Eriksson meet with Mr Gomez, senior sports specialist of Ministry of Education in Singapore, and Mr Gomez informed about the progress and development in MOE. For example at Junior College School finals over 1 000 spectators/game attended, and SSSC is considering to have Floorball “core”. Mr Gomez also informed that “Sports Girl of the Year” 2011, voted by the public among all sports in Singapore, was a Floorball Girl; so many statistics are really god, with participation of at least 200 schools who have included Floorball as core. Mr Gomez gave the good background for entering the World University Championships, ages 18-28, and that this really fits well in the age- groups where Floorball is really strong in Singapore.

4. **Meeting with Singapore Floorball Association Board, on Oct 10.**
   Mr. Erikson meets with the SFA Board, consisting of eleven people, Mr. Sani Mohammed Salim President, introduced, the SFA management committee, and we introduced ourselves. Mr. Eriksson pointed out the IFF Vision, and the necessity to enter a multi event sports program, and Mr. Salim informed about Singapore NOC and SFA joint plans for the SEA Games in 2015, and also interest in arranging the University Championships in 2014, and the WFC U19 in 2015. Mr. Eriksson pointed at that SFA needs a stronger Committee, more people involved, and flow of information must improve. Internal work, as well as setting the objectives is vital. Mr. Salim informed that a totally new plan of action is in these days handed in to SSC for 2012-2013, which would raise the level of standards, and possible funding as well. Mr. Eriksson stated that IFF claims must be settled, and Mr. Salim answered that in upcoming months new funds will be available, and a substantial part paid.
5. **Meeting with Singapore Sports Council and CEO Mr. Lim Tech Yin, on Oct 11.**

Mr. Eriksson and Mr. Salim meet with SSC CEO Mr. Lim Tech Yin, and with senior Director of Sports Pathway Development, Mr. Bervyn Lee. Mr. Eriksson updated SSC CEO on Floorball Development, with IOC full recognition, and in particular about the positive development not only in Singapore, but in the region. Mr. Lim asked about “what game changers” are there? TV/media relations are vital, Mr. Lim lacked TV visibility in Singapore, but referred to other channels (Eurosport Asia), another game changer is a strong national SFA Committee, and that the corporate identity is stronger with more partners involved. Mr. Lim was positive that many Singaporeans are actually watching, not as when Singapore has staged other international events, many foreigners are the actual ones watching. The Sports hub (in operation in 2014) has a variety of venues hosting spectators from 2.000-12.000-55.000 and would meet Floorball objectives well, when hosting WUC, U19 and SEA Games.

6. **Meeting with Singapore NOC, vice President of IOC, Mr. Ser Miang NG, and Mr. Chris Chan, secretary general of SNOC, and Council of SEA Games, on Oct 12.**

Mr. Salim and Mr. Eriksson meet with Mr. NG. First session was with Mr. Chris Chan, the secretary general, also member of the Council of the SEA Games. Mr. Chan gave valuable advice how to enter possible SEA Games, out of which 11 countries; Floorball is now organized in Singapore, Malaysia, Philippines, Thailand and Indonesia. Mr. Chan asked for information material in front of upcoming SEA Council meeting on 12th of November, in Indonesia, where his assistant Mr. Edmund Lim will take part, in order to start to inform/promote Floorball. Singapore is bidding to host SEA games in 2015 (either organized early in June, or early in December). Mr. Chan stated that affiliating to NOC is vital.

Mr. Salim and Mr. Eriksson meet with Mr. NG, vice President of IOC, who raised questions on the development in Floorball internationally as well as nationally. Mr. NG highlighted the necessity to spread in the region (SEA countries) in order to meet the requirements to enter the possible SEA Games in 2015, if hosted by Singapore. Floorball IOC recognition was thanked for, and the status of progress was discussed.

7. **Meeting with Singapore University Association, and the Universities of NUS, NTU, SIM, and SMU, on possible FISU University WUC May 2014, on Oct 13.**

Mr. Salim and Mr. Eriksson meet with Singapore University Association, President Mr. Kenneth Chan. All four major Universities were represented in the meeting, and starting from 2012, the President of Singapore University Association will be Mr. Alan Koh of SMU (there is a rotation between these four universities). The university representatives will work for hosting the WUC in 2014, and the only “problem” would be if the Asian Indoor is organized in 2014, which will be known early 2012.

8. **Malaysian Floorball Association situation (possible meeting on the Oct 14)**

Mr. Eriksson was informed via Mr. Rizal, Malaysia Floorball Association President since 2007, about the present situation in Malaysia. There seems to be a lack in the registration of the Association to the federal government, the Sports Confederation, and the Olympic Council of Malaysia, on which MFA is currently working. Mr. Rizal is the President, and Mr. Suresh is the secretary general.

9. **Meeting Swedish Embassy, Ambassador Ingemar Dolfe, on Oct 14.**

Mr. Eriksson meets with the Swedish Ambassador Mr. Ingemar Dolfe. Mr. Eriksson informed about the present Floorball movement in Singapore, and in the region, and possible staging of international events in Singapore in the upcoming years. Mr. Dolfe will inform his colleagues in different networks, in order so that other embassies know the progress, and can assist in promoting international Floorball, as well as other events. When we are closer to e.g. WUC in May 2014, if organized, the Swedish Embassy will be able to assist in information, and promotional activities.

Dr. Lars Erik Bartels           IFF Medical Committee member (present during topics 3-10)
Dr. Patricia Wallace            IFF Medical Committee member
Dr. Liene Kozlovska             IFF Medical Committee
Merita Bruun                    IFF Anti Doping Administrator
John Liljelund                  IFF General Secretary (present during topics 1-3)
Tomas Eriksson                  IFF President (present during topics 1-3)

Report on present issues

1. Opening
Dr. Frey opened the meeting at Hotel Walhalla and welcomed everyone to the first medical committee meeting. Dr. Frey congratulated the IFF for the achievement of receiving the full IOC recognition and presented the newest IFF medical committee member Dr. Kozlovska.

2. Short report of actions taken after the last held meeting
Ms. Bruun made a short recap of the activities taken in the field of the anti-doping work and for the medical committee since the last medical committee meeting held in September 2010 including test statistics, results and testing pools.

3. Short report on the WADA Symposium
Ms. Bruun gave a short report about the WADA Symposium held in Lausanne in April 2011 covering the present issues in anti-doping work. The main focus in was on Code Compliance, blood testing and the code revision process. The revised Code will come into force in January 2015.

4. Prohibited List 2012
The IFF Medical committee discussed the changes in the Prohibited List, which effects the IFF Event guidelines, and anti-doping information on the IFF website. The IFF Medical Committee also suggested that the IFF could use the existing databases for medication details and drug reference, for example the antidoping.ch and ASADA resources. The IFF Medical committee was of the opinion that there is ongoing work for permitted beta 2 agonists and were happy that the common asthma medication, formoterol, is permitted starting from January 1st 2012.

Mrs. Kozlovska informed about a current case in FIFA with Clenbuterol. In the U17 championships in Mexico, many players were tested positive of clenbuterol and there is now a study going on FIFA. No sanctions yet as both FIFA and WADA are investigating the matter.

5. Updated Test Distribution Plan to meet the WADA requirements.
Ms. Bruun presented and the IFF Medical committee discussed the updated IFF Test Distribution plan. The IFF will gradually increase the amount of in- and out of competition tests to meet the WADA requirements.

6. IFF Risk Assessment document for effective Test Distribution Planning
The IFF Medical committee discussed the document, which will be evaluated continuously and felt that it is of importance to collect all the previous statistics in one document. The IFF medical committee also felt that the laboratory statistics can be annoying as the statistics are not always the same that the IF’s receive.
7. **IFF Anti-doping awareness and education**
Ms. Bruun presented the current anti-doping education and awareness tools and the IFF Medical committee discussed how the IFF Say NO! to Doping campaign could have more visible elements in the future. The IFF Say NO! to Doping campaign has been run by six IFF member associations.

8. **Blood testing in Floorball – discussion**
The IFF Medical committee discussed blood testing in general and the possibility to conduct blood testing in Floorball in the future. The fact that WADA recommends 10% blood testing, still based on the IF’s own risk assessment was discussed. The IFF Medical committee emphasized the WADA Recommendations tend to become regulations and therefore suggested that the IFF should make an evaluation of possible blood tests and costs for the future in order to be ready if needed. The IFF Medical committee also discussed the athlete biological passport and the aim is to continue to collect information about these issues.

9. **Example: Positive analysis result of a ski jumper**
Dr. Frey presented a different case with a ski-jumper where a suspected positive doping case in the end led to an early detection of a tumour. Dr. Wallace also reported of similar cases in Chinese Taipei.

10. **Other issues: Injury assessment in Floorball**
The IFF Medical committee members were very satisfied with the IFF’s current anti-doping work and were of the opinion that the Medical committee could also start concentrating on athlete health issues. As all the IFF anti-doping work is in line with the WADA requirements at least for now and the number of TUEs in decreased due to the changes in the Prohibited List, the IFF Medical committee could be more active in the field of injury assessment.

Mrs. Kozlovska presented a model used in ice hockey, were all teams are to fill in an injury report after the matches. Ms. Bruun informed that the IFF receives the information of severe injuries when teams are changing players due to injuries and also through the daily report during the events and this information could be used for collecting player injury information. The Medical committee discussed the options and will try to create a model that could be used in Floorball and the possibility to launch the model in WFC 2012.

The IFF Medical committee was also of the opinion that the IFF could collect more injury prevention reports and surveys and publish them through the IFF channels.

IFF Medical Committee member, Mrs. Kozlovska, will participate in the implementation of the ambitious anti-doping program of the Olympic Games in London 2012.

IFF Anti-doping administrator, Ms. Bruun, is elected to the WADA education committee for 3 years from 1.1.2012.

---

**Upcoming meetings and issues**

- The IFF will make the small changes in the IFF Event guidelines.
- The IFF Medical committee will look into the injury assessment reporting more thoroughly and Mrs. Kozlovska will send the example of the injury assessment survey.
- The IFF Medical committee to follow the WADA Code review process and react with feedback if there are issues that will affect Floorball.
- The preliminary plan is to have the next meeting in connection with the WFC in Zurich.

Actual situation (1)

- I was elected as President of SUHV in February 2008 – June 2011: with the
demission of Walter Hostettler the CB of SUHV the (young) President
became already seniority.
- Office: Tiffany Winkler, Fabienne Schüpbach, Daniel Meyer, Stefan Bürki
and Sonja Gutknecht resigned – a new team has to be built.
- Referee: beginners stay only one season – education efforts are growing.
- We introduced a new tournament: the Unihockey Masters – prior to the
official start of the season.
- World University Championships: SUHV will participate with two teams men
and women.
- The CB of SUHV was enforced to create a new commission: the ‘sports
commission’ and to move some of the competencies from the CB to the
sports commission. Final solution still pending.
Actual situation (2)

- Marketing: in summer 2011 we have been forced to change the marketing company for both WFC 2011 and 2012. Marketing of the Federation still not resolved.
- Mobiliar as the leading sponsor will support SUHV also after 2012 (end of the contract). The new conditions will be lower as today.
- IT: We invested in a new program. Basic module costs us 400,000 Swiss francs. Next module will lead to expenses of 250,000 Swiss francs once again.

Medium-term perspectives (1)

- WFC 2011 women St. Gallen. We have to face a deficit of 250,000 Swiss francs.
