## Welcome to the 2022 Men's WFC in Switzerland

Dear Floorball friends,

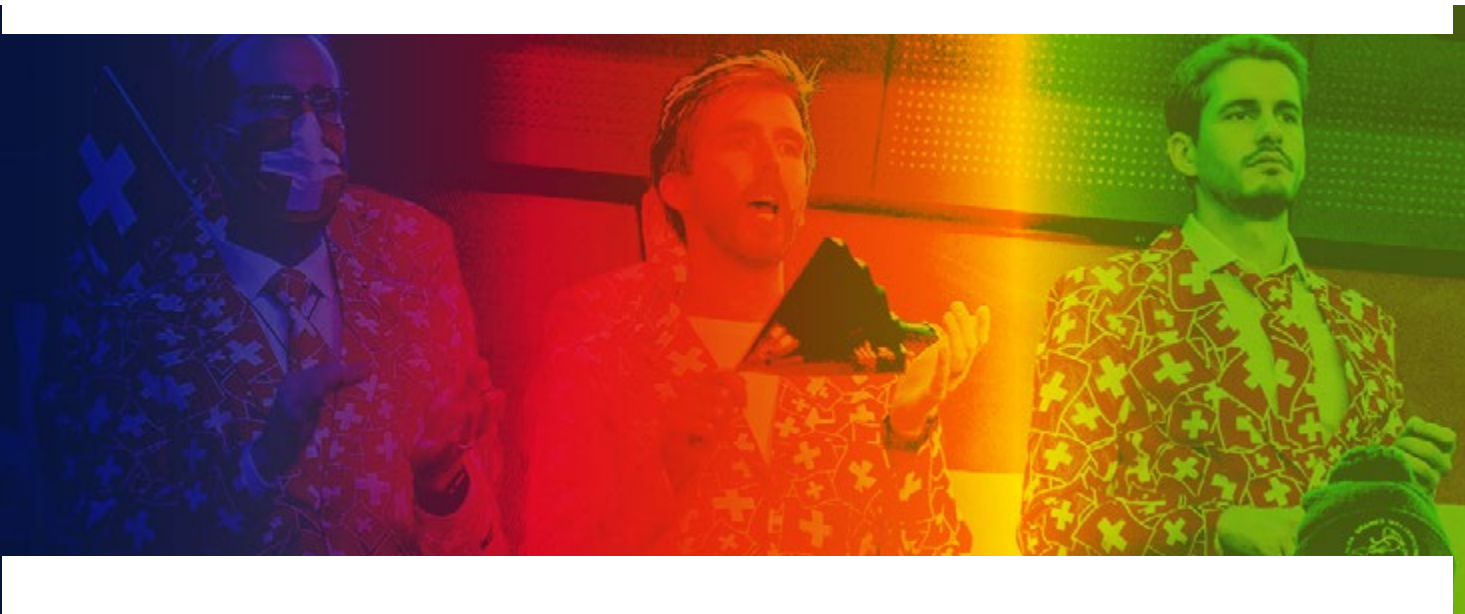

I do hope that each one of you are safe, healthy, and well. We are out of the COVID-19 pandemic and hopefully things will stay as open and problem free now as they were before the pandemic began. As IFF President I thank you all deeply, players, officials, member federations, and the excellent IFF staff, for all your patience and efforts during the COVID-19 era. Things are improving and we can look forward to a future of playing the sport we love as freely and openly as we used to not so long ago.

It is with pleasure and honour that the IFF again welcomes the entire Floorball family to the Men's World Championships 2022 in Switzerland, this year being held in the beautiful cities of Zurich and Winterthur.

swiss unihockey have proven on many occasions to be an excellent and highly skilled partner in organizing top Floorball events. The return to Zurich for the men's World Championships 10 years after the previous competition in 2012 and with the brand-new state of the art Swiss Life Arena will for sure be an exceptional experience. Winterthur was supposed to host the Champions Cup event in January which was sadly cancelled due to COVID issues, but the arena and city are ready to host and provide a great stage for international floorball to be played on.

The IFF, with the participating teams, convey our gratitude to swiss unihockey and to the cities of Zurich and Winterthur and wish you all success with the WFC event!

Tomas Eriksson  
IFF President

## How to get around

### From the airport to the city

Zurich Airport is located close to both cities Zurich and Winterthur. The easiest and most convenient way is to take the train to either Zurich or Winterthur. The train station of the airport is located on the lower floor. The train journey to both cities takes around 10 to 15 minutes. The timetable can be found on the website of the Swiss Railways [www.sbb.ch](http://www.sbb.ch)

### Around Zürich and Winterthur (city center)

Public Transport in Zürich and Winterthur is a comfortable and easy way to get around in the cities of Zurich and Winterthur. The transportation company which covers both cities and the whole Zurich region is called ZVV and provides extensive infos and timetables on their website: [www.zvv.ch](http://www.zvv.ch)

### Public Transport included in your WFC Ticket

Public transport in the [ZVV area](http://www.zvv.ch) is included on the same day your ticket is valid. If you travel to one arena from outside of the canton of Zurich, you only pay until the first station in the canton and the rest of the ride is free.

### ZVV Check in Ticket for public transport

With the ZVV ticket app's check-in feature, you always have the right ticket, for your travel plans. All you have to do is check in on the app before boarding and then check out after your journey. Your travel route will be recorded via GPS. At the end of the day, you'll be charged the correct price for all your journeys. Find the information on the ZVV-website: [www.zvv.ch](http://www.zvv.ch)

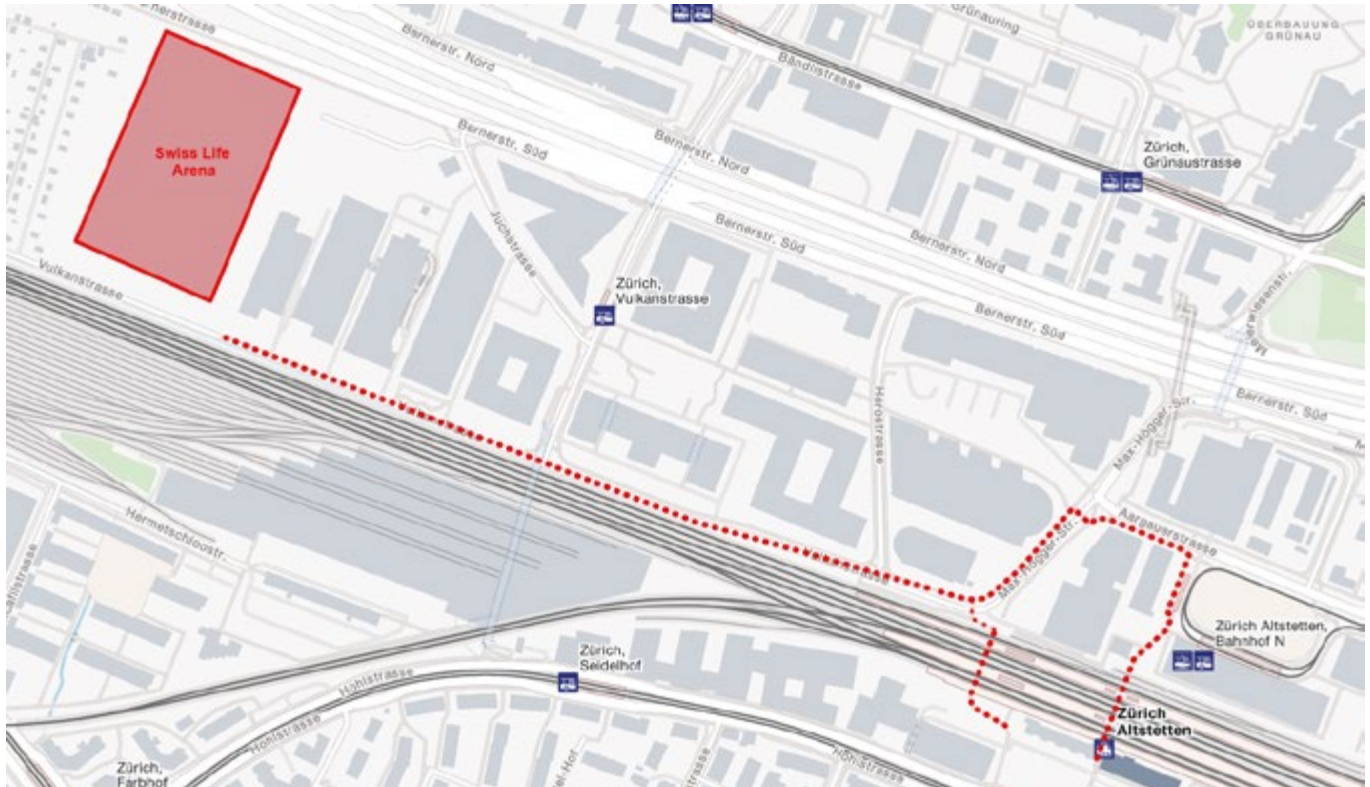

## How to get to the venues

Both venues offer little to no parking possibilities, so we suggest traveling by public transport.

### Swiss Life Arena

Address: Vulkanstrasse 130, 8048 Zürich Altstetten

The Swiss Life Arena is the brand new home of local Icehockey Club ZSC Lions. The Arena opened just a few weeks ago and the WFC 2022 is the first big event in the arena. Even though the LOC and the ZSC Lions are striving to provide spectators the best possible experience, there might be some hiccups. Thank you for your understanding.

## Entrance

## WLAN and connectivity in the Swiss Life Arena

Due to the massive built of the arena internet connectivity via mobile or mobile hotspot might be limited. After that, you can connect to the WLAN.

## Cashless payment

With cashless payment throughout the Swiss Life Arena, ordering processes are made more efficient, which is why fans benefit from shorter waiting times. All common cashless payment methods such as credit cards, debit cards, PostFinance, Twint, Apple Pay, Samsung Pay are accepted.

Cash is also accepted in the „Zett“ restaurant and in the „1930“ sports bar which will be transformed to the „House of Floorball“ during the WFC.

## What's up today - the online match programm

Stay up to date with our online version of a match programm. Under [www.wfc2022.ch/today](http://www.wfc2022.ch/today) you will always find the latest infos about the games of the day. This webpage will be continuously updated and after every game player interviews and highlights will be added.

## Opening Ceremony: starting 16:40h in the Swiss Life Arena

Make sure you be at your seat at 16:30h to be ready for the colorful Opening Ceremony right before Host Switzerland starts into the tournament. During the opening celebrations, thirty-six dancers will transform the Swiss Life Arena into a colourful extravaganza, accompanying the official WFC song "Gold", written by the Winterthur singer Andryy. As a highlight, Federal Councillor Viola Amherd will personally greet the spectators in the arena. With the Minister of Sport looking on, our national team will then get the tournament going, and head against Norway to stir up the Swiss Life Arena for the first time.

## „Gold“ by Andryy - the Official WFC-Song

"Gold" is the official song of the Men's World Floorball Championships 2022 and is available on all [platforms](#). The catchy song was written by Andryy, the multi-instrumentalist from Winterthur, Switzerland, together with Dabu Bucher (Dabu Fantastic) as well as Luk Zimmermann (Lunik). It describes the way to any team's greatest dream: a gold medal. Watch the video on [Youtube](#). If the arena seems familiar to you, the music video has been shot in the AXA Arena in Winterthur.

## COVID-19

At the current time, there are no regulations in Switzerland. If there are any changes, we will let you know. Please inform yourself about the travel regulations in your own country. If you have COVID-symptoms, we recommend making a quick test that can be purchased at the pharmacy. If you do not feel well, you should not appear in the arenas.

## Your unique WFC 2022 souvenir

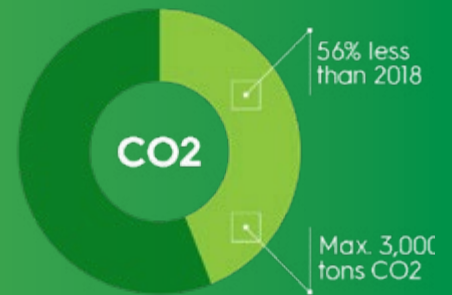

An event the size of the World Floorball Championships requires a lot of branding material made of textiles and plastics. Fleurop recycles the branding material after the WFC 2022 and has it transformed into various unique souvenirs by the Lebensart Foundation. The result is a unique souvenir instead of waste after the event.

## Green Goal - How can you contribute?

The Men's WFC 2022 is also pursuing high goals on the sidelines: The 2022 event is going to be the first climate-neutral World Floorball Championship in history. But our biggest goal is our green goal: Together with the whole organization, partners, teams, but especially together with our fans, we're aiming to have a maximum of 3000 tons CO2 output, which would be less than half of the WFC 2018. And it's very easy and even fun for the fans to help:

### Benefit from Switzerland's excellent public transport

Choose the outstanding public transportation system of Switzerland to travel to the arenas. The ride within the canton of Zurich is included in the ticket and therefore free! And if you're traveling from the Berne/Solothurn region at one of the weekends, choose the chartered extra trains and your party begins already on the journey! And by the way: car parking spaces are very limited at both arenas, therefore the perfect opportunity to leave your car at home.

### Smart but delicious food choices

All of our visitors should be able to get what they want and enjoy a great selection of food. And there will be plenty to enjoy! In order to avoid CO2 output, our catering partners choose their products locally and waive red meat in the arenas in favour for poultry, pork and a wide variety of vegetarian dishes. What about trying a fantastic meatless burger or some vegi nuggets? You will be amazed!

## #ChallengeAccepted

Enjoy meeting likeminded people and have a drink and some snacks while getting ready for the game or relax after a game. In addition, you can watch all the games from the Swiss Life Arena and the AXA Arena in the House of Floorball.

The House of Floorball ist located in the Zett-Restaurant and the 1930 Sportsbar. Those two venues will be transformed into the meeting point for Floorball Fans.

### City tours Zurich

The city of Zurich offers many beautiful places that you can discover on various city tours. With the WFC 2022 ticket you benefit from discounts on the following city tours:

#### Old Town Zurich on foot

What do Einstein, James Joyce and Wagner have in common? All three were enthusiastic residents of Zurich. Not only great minds cherished a fascination for the waterfront city with its intact old town, people from all over the world have always flocked to the vibrant metropolis. The search for traces leads in an approximately two-hour walk through the old town with its hidden alleys, nooks and oases. The secret of the Bahnhofstrasse will be revealed and it will be explained what the „processional axis“ is all about or at which church the minute hand jumps forward by a record-breaking half meter per minute.

Discount: 50% off the normal price. [More Infos](#)

## Food Tour

On foot, gourmets visit restaurants that are very popular with Zurich residents. The tour conveys the eating and drinking culture of the people of Zurich and in the same breath tells exciting stories about the so-called „Zurich Gastro Revolution“. But also the emergence of the pulsating quarter Zurich West is explained. In a convivial round, fine appetizers made of vegetables, meat, fish or seafood are tasted in various restaurants, but drinks are also served. On this adventure tour, where enjoyment and interesting facts about Zurich West are in the foreground, is always a tasty experience for all participants.

Discount: 20% off the normal price. [More Infos.](#)

## Bar Quest

Strictly speaking, the „Züri Bar Quest“ is not a „real“ city tour, because in contrast to a classic guided tour, curious people discover Zürich on their own here. For this, the seekers need a lot of imagination as well as a good shot of drinking strength, because on the way to the destination, various Zurich bars are visited, where there is a taste on the house. The city explorers are guided on their „Schwipsel hunt“ solely by the starting documents, which the treasure hunters receive after their successful booking at the Tourist Information in Zurich's main train station. The „HB“ is also the starting point of the tour. From then on, however, the „Schwipsel hunters“ are on their own: With the help of partly cryptic tips from comedian Midi Gottet, they go from one bar to the next. (Must be 18 years old for this tour)

Discount: 10% off the normal price. [More Infos.](#)

## Souvenir

In the Tourist Information in the main hall of Zurich Main Station, guests and Zurich fans can find everything their hearts desire. From Swiss chocolate and postcards to unique Zürich must-haves such as the water-proof „Drybag“ with Zürich logo and the trendy sports bag.

Of course, you'll also find the absolute Swiss classics, first and foremost the world-famous Victorinox knife or the widely popular cows and St. Bernard dogs made of wood by Trauffer. Magnets and key rings round off the diverse range. Ticket holders receive 10% off the souvenirs.

Booking of the offers: The offers can be booked and paid for with the indicated discount directly at the Tourist Office upon presentation of the ticket.

## Gastronomy

### Zunfthaus zur Zimmerleuten

The Zunfthaus zur Zimmerleuten is located in the middle of the city, directly on the Limmat River, in a magnificent building from the Middle Ages that is steeped in history. Guests enjoy the probably most popular Züri Geschnetzeltes in one of the historic rooms or on the inviting terrace. An absolute highlight in Zurich is the year-round open-air fondue under the arcades with a view of the Limmat and the Fraumünster.

If you show your WFC 2022 ticket, you will receive 10% off the consumption amount. [www.zunfthaus-zimmerleuten.ch](http://www.zunfthaus-zimmerleuten.ch)

### Blue Monkey

Opposites attract, as we all know. This is especially true in our modern Blue Monkey in the historic Zunfthaus zur Schneidern! For more than 20 years, guests have been whisked away by Chef Nii to her native Thailand with authentic/culinary charms, almost forgetting that they are sitting in the middle of the vibrant Niederdorf.

By showing your WFC 2022 ticket you will receive 10% off the consumption amount. [www.bluemonkey.ch](http://www.bluemonkey.ch)
